

Exciting News for the Research Community!

We are delighted to announce the forthcoming **11th Annual Meeting of the Society for Mitochondria Research and Medicine-India (SMRM) at Manipal Academy of Higher Education (MAHE), Manipal**. This prestigious event, under the theme "**Mitochondria in Health, Disease, and Ageing**" (<https://conference.manipal.edu/smrm2025/>), will be held in the vibrant city of Manipal from **October 9-11, 2025**.

This year's event will showcase the latest advancements in mitochondrial research pertaining to its roles in health and disease, with emphasis on the diagnosis and treatment of mitochondrial diseases. We strive to provide a common platform for various stakeholders to collaborate, network, and exchange unique knowledge, thus bridging the gap between **fundamental research** and **clinical application**.

We have an exciting list of national and international speakers of great scientific repute who will deliver lectures at the event.

There are multiple awards for best poster presentation, travel awards, and the SMRM Young Scientist Award for best oral presentation for PhD students.

The registration details and further information are accessible online at <https://conference.manipal.edu/smrm2025/>.
