ABOUT THE UNIVERSITY

Srinivas University is a private university located in Mangaluru (Mangalore), Karnataka, India. It was established in 2013 under the sponsorship of the A. Shama Rao Foundation, which is a prominent educational trust in Karnataka. The university offers a variety of undergraduate, postgraduate, and doctoral programs in fields such as engineering, business management, health sciences, law, education and social sciences. The university holds a NAAC 'A' Grade accreditation and provides scholarships and has strong industry ties and placements.

Indian Society For Radiation Biology (ISRB)

Indian Society for Radiation Biology (ISRB) is an integrative scientific body whose members are interested in fundamental and applied R&D on radiation sciences and related areas of radiation sciences. ISRB has achieved remarkable progress since its inception and is further progressing at a rapid pace during the past few years. The major aim of the society is to promote and support research activities and education in various areas of radiation biology and allied sciences. The society organizes conferences, symposia, workshops, awareness programs in various parts of country and invites participation of research scientists, clinicians, research scholars, students and general public. ISRB also works towards generating awareness about radiation and cancer and promotes R&D in these areas.

Message from the Academic Dean

As Academic Dean, I warmly welcome you to the National Conference on “Radiation in Health,” organized by the Medical Imaging Technology unit of Srinivas Institute of Allied Health Sciences, Srinivas University. May this conference foster meaningful discussions and innovations to advance healthcare. I wish you all a successful and enriching experience
